

Evaluating Integrated Care

Jeff Capobianco
Gretchen Vaughn
Jamie Weinstein

Agenda

1. Introductions
2. Questions from the last call?
3. Based on your feedback some topics for today:
 - Hiring & Working with an Evaluator
 - Putting the Evaluation Plan/Procedures into Place--Tracking Qualitative & Quantitative Measures
 - Using the Data to Inform Care & Create a Culture of Measurement

Let's have a Discussion!

Any Questions from Last Call?

**KEEP
CALM
AND
ASK
ON**

Hiring/Working with an Evaluator

- Internal versus External Evaluators
- Know their Skillsets and Perspective
- Leverage Evaluator to Help with Quality Improvement/Population Health Management

Putting Evaluation Plan/Procedures into Practice

- Do you have an evaluation plan beyond collecting & reporting grant required data?
- How does the evaluation impact your agency's current Continuous Quality Improvement processes?
- How is the evaluator/evaluation plan being leveraged to monitor the grant work plan.
- Have you decided which grant required data will be collected following the close of the grant?

Using the Data to Inform Care & Create a Culture of Measurement

- Insuring the tools are in place Population Health Management (Right Data/Registry/Dashboards/CQI).
- Are your staff Practitioner/Scientists? Or just Practitioners?
- Boiling the Frog...slowly using data without scaring staff away
